Polar

Engineering soul

DESIGN
Jorge Pensi Design Studio, 2022

EN — Polar is a task chair that ensures maximum customization in terms of ergonomics with its simple and intuitive built-in mechanisms. The backrest consists of an injected-moulded nylon frame with a breathable, flexible polyester mesh for a sense of transparency. A special mechanism allows the seat's depth to be adjusted. The chair guarantees excellent comfort thanks to its weight-activated, synchro-tilt mechanism that is able to regulate the degree of tilting autonomously according to the user's body weight.
IT — Polar è una seduta operativa che garantisce una massima personalizzazione in termini di ergonomia grazie alla presenza di meccanismi integrati semplici e intuitivi. Lo schienale è composto da una struttura in nylon stampato a iniezione alla quale viene fissata una rete in poliestere traspirante e flessibile, che dona trasparenza. Grazie ad un meccanismo che ne consente il movimento, è possibile regolare la profondità del sedile. Un moderno meccanismo sincronizzato autopesante, capace di regolare autonomamente l'intensità dell'oscillazione in funzione del peso corporeo dell'utente, garantisce inoltre a questa seduta operativa adattabilità ed estremo comfort.

Elinor
A classy hug

DESIGN
Claudio Bellini, 2018

EN — The Elinor collection reflects different attitudes and approaches to workspaces, with a forward-looking perspective. It is dynamic, flexible and designed with essential yet distinctive visual styling. Strong points of Elinor are its comfort and body-hugging design, achieved through the polyurethane-injected foam seat and back. The table base consists of two moulded elements of fixed dimensions, made from rigid polyurethane foam and upholstered in genuine leather. These elements support an ultra-thin solid laminate tabletop, with a rounded lacquered MDF support beneath that conceals the steel structure.

IT — La collezione Elinor sintetizza le diverse attitudini e modalità di vivere l'ufficio del futuro. La seduta è dinamica, flessibile, con un design essenziale ma riconoscibile. I suoi punti di forza sono il comfort e l'avvolgenza dati dall'imbottitura in schiumato poliuretanico di sedile e schienale. Il tavolo ha una base costituita da due elementi sagomati di dimensione fissa realizzati in poliuretano rigido e rivestiti in pelle che sostengono un ripiano in stratificato ultrasottile attraverso un sottopiano in MDF laccato dalla forma bombata, che nasconde la parte strutturale in acciaio.

Ester

L’élégance de première classe

DESIGN
Patrick Jouin, 2013

EN — Ester is a mix of elegance, ergonomics and functionality: a precious monolith made of leather complemented by refined die-cast aluminum legs. Ester armchair with its soft and graceful lines, along with the great comfort offered by the seat made of polyurethane foam with elastic belts, distinguishes the interior of the most exclusive restaurants and hotels in the international scenario.
IT — Ester rappresenta la sintesi perfetta di eleganza, ergonomia e funzionalità: un prezioso monolito di pelle, completato dalla raffinata gamba in pressofusione d'alluminio. Le forme sinuose e morbide della poltrona Ester e l’assoluto comfort garantito da una seduta realizzata in schiumato poliuretanico con cinghie elastiche, contribuiscono a caratterizzare gli spazi interni di ristoranti e hotel tra i più rappresentativi del panorama internazionale.

Frank
Architectural illusion

DESIGN
Robin Rizzini, 2023

EN — Frank is a table inspired by architectural shapes and industrial materials. The structure on which the top rests is made up of two slightly curved die-cast aluminium bases with variable thickness. Seen from the front they are slightly arched and resemble the shape of a sail, creating a light and ethereal optical effect. Seen from the side, the volume appears full. Together, rational lines and curves contribute to conveying an image of lightness and contemporaneity.

IT — Frank è un tavolo ispirato da forme architettoniche e materiali industriali. La struttura su cui appoggia il ripiano è composta da due basi in pressofusione di alluminio dallo spessore variabile leggermente curvate. Viste frontalmente richiamano la forma di una vela che, leggermente inarcate creano un effetto ottico leggero ed etereo. Osservate lateralmente il loro volume appare pieno. Linee razionali e curve insieme contribuiscono a trasmettere un'immagine di leggerezza e contemporaneità al tempo stesso.

Laja 2
A matter of details

DESIGN
Alessandro Busana, 2024

EN — Stylistic simplicity and organic shapes define Laja collection. A chair and armchair featured by an injected polyurethane foam seat with elastic belts, and a flexible, welcoming backrest. The distinguishing feature of the collection are the four die-cast aluminium legs, obtained from a single mould. The legs of Laja 2 are also available in solid ash wood, with a steel rod frame, a die-cast aluminium four-spoke base with castors or swivelling, or a cantilever steel tube frame. The armchairs with four legs in aluminium and solid ash wood can be equipped with a folding tablet suitable for training and conference rooms.
IT — La semplicità stilistica e le forme organiche definiscono la collezione Laja. Una sedia e una poltrona caratterizzate da una seduta in schiumato poliuretanico con cinghie elastiche e da uno schienale flessibile ed accogliente. L'aspetto distintivo della collezione sono le quattro gambe in pressofusione di alluminio, realizzate con un unico stampo. Le gambe sono disponibili anche in massello di frassino, in tondino d'acciaio a slitta, con base a quattro razze in pressofusione di alluminio con ruote o girevole e con struttura in tubo d'acciaio cantilever. Le poltrone con struttura a quattro gambe in alluminio e frassino risultano adatte anche per sale formazione e conferenze grazie all'aggiunta di una funzionale tavoletta reclinabile e removibile.

Temps

Time is precious

DESIGN
Jorge Pensi Design Studio, 2018

EN — Temps is an task chair with an essential and yet elegant design, able to fit in the most varied office life needs. An injection-moulded polypropylene shell supports the seat in the lumbar side, conferring continuity between the comfort and ergonomics of the upholstery, equally the functionality and dynamism of the plastic material. Available also with low backrest.

IT — Temps è una seduta operativa dal design essenziale ed elegante al tempo stesso, capace di vivere all'interno di contesti operativi differenti. Un guscio in polipropilene stampato a iniezione cinge il sedile nella zona lombare stabilendo una continuità tra il comfort e l'ergonomia dell'imbottito e la funzionalità e il dinamismo del materiale plastico. Disponibile anche con schienale basso.

Rizz

Streamlined fluidity

DESIGN
Robin Rizzini, 2023

EN — Rizz is a table with an aluminium frame that ensures strength and lightness at the same time. The diecast aluminium legs are featured by a triangular section that faces outwards and tapers into a round shape, resting elegantly on the floor. A structural strength concealed by clean lines distinguishes this table, which integrates the legs with an aluminium supporting frame hidden beneath the tabletop. The workstation version is a system of two-, four- or eight-seater workstations. For longer meeting or working tables, a central rectangular steel column with rounded edges ensures stability while serving as cable management.

IT — Rizz è un tavolo in alluminio che garantisce resistenza e leggerezza al tempo stesso. Le gambe affusolate in pressofusione di alluminio sono caratterizzate da una sezione triangolare aperta verso l'esterno e si assottigliano in una sezione tonda appoggiandosi elegantemente a terra. Una solidità strutturale celata da una pulizia di forme caratterizza questo tavolo, che integra le gambe ad una struttura portante nascosta sotto il ripiano. La versione workstation è un sistema a due, quattro o otto postazioni. Per sostenere ripiani di grandi dimensioni, nella parte centrale al di sotto del ripiano, è presente una colonna rettangolare con angoli stondati in acciaio che funge anche da passacavi.

Toa

Strength and lightness

DESIGN
Robin Rizzini, 2020

EN — The Toa table combines a technical-industrial style with decorative allure, giving life to a functional and evocative product. Lightweight and minimalist, the Toa table is characterised by a solid die-cast aluminium frame in a fluid geometric design connected by two steel beams suitable to support large sizes tops. Toa's main features are its tapered bridge legs made of die-cast aluminium, which are thinner at the base and widen up towards the "T" element that supports the top.

IT — Toa è un tavolo che unisce con equilibrio il linguaggio tecnico-industriale a quello decorativo, dando vita ad un prodotto funzionale ed espressivo. Leggero ed essenziale alla vista, il tavolo Toa è caratterizzato da una robusta struttura in pressofusione di alluminio dalla forma geometrica e fluida supportata da due barre in acciaio capaci di sostenere anche ripiani di grandi dimensioni. Elemento caratterizzante di Toa sono le gambe a ponte dalla forma affusolata realizzate in pressofusione di alluminio che, più sottili alla base, si allargano verso l'alto confluendo sotto al ripiano in un elemento a "T".

Toa Folding Screen

A table divider

DESIGN
Robin Rizzini, 2020

EN — The Toa Folding Screen is a sound absorbing desktop panel that separates and defines spaces. Designed to meet the mobility and layout requirements of modern work spaces. The inner metal structure is upholstered in fabric with a zip that makes it easy to remove, clean and maintain. It's also the perfect solution for home working spacial arrangements. Given that it is extremely lightweight, the screen can be folded with ease and moved from one place to another.

IT — Toa Folding Screen è un pannello divisorio fonoassorbente da tavolo in grado di definire e separare lo spazio. È pensato per rispondere alle esigenze di mobilità e configurabilità dei moderni working spaces. Una struttura di metallo rivestita in tessuto che, grazie alla presenza di una zip posta nella parte inferiore dello screen, è sfoderabile, facile da pulire e manutenere. In caso di smart working risulta inoltre uno strumento ottimale per ritagliarsi uno spazio all'interno del proprio contesto domestico. È pieghevole e leggero e può essere facilmente spostato da un luogo all'altro.

Arki-Table

A perfect balance

DESIGN
Pedrali R&D, 2012

EN — Arki-Table is a linear and rigorous table from a structural point of view, but at the same time versatile and designed for different uses. It is characterized by an ultra-thin top supported by an extruded aluminium frame, which remains hidden. The trestle legs in steel or solid oak ensure stability and grip on the ground.
IT — Il tavolo Arki-Table è lineare e rigoroso dal punto di vista strutturale, ma al contempo versatile e pensato per situazioni d'uso differenti. È caratterizzato da un ripiano ultra-sottile sostenuto da una cornice in estruso di alluminio, che rimane nascosta. Le gambe a cavalletto realizzate in acciaio o in massello di rovere garantiscono stabilità e aderenza al suolo.

Arki-Desk
A perfect balance

DESIGN
Pedrali R&D, 2020

EN — The Arki-Desk's clean, linear design makes it particularly versatile and suitable for flexible and functional modern corporate and home offices. Steel or solid oak trestle legs are connected together by a steel support, to which the top is fixed for added stability. A more casual and playful version of the Arki-Desk with a coloured frame is also available.

IT — Arki-Desk è un tavolo che, grazie alla sua semplicità, risulta molto versatile, massimizzando la sua capacità di rispondere alle esigenze di flessibilità e funzionalità degli uffici moderni e home office. Le gambe a cavalletto, realizzate in acciaio o in massello di rovere, si collegano ad una traversa in acciaio, alla quale viene fissato il ripiano, garantendo stabilità e aderenza al suolo. Il telaio può essere colorato, rendendo Arki-Desk più informale e giocoso.

Boxie

Storage in motion

DESIGN
Claudio Dondoli - Marco Pocci, 2018

EN — With its minimal, essential lines, Boxie is remarkable for its lightness, ensured by a steel structure containing drawers, alternated with tops, both made out of polypropylene. Designed to be configured differently according to the selected combination of its elements, the rounded corners and the visible frame are strong points that can be appreciated from any side of Boxie.

IT — Boxie è un sistema contenitore dai tratti essenziali e minimali che si contraddistingue per la sua leggerezza garantita da una struttura in acciaio all'interno della quale vengono collocati cassetti alternati a piani, entrambi realizzati in polipropilene. Pensata per assumere conformazioni diverse in base alla combinazione dei suoi elementi, la rotondità degli angoli e la struttura a vista sono punti di forza apprezzabili da ogni lato di Boxie.

Ypsilon Tilting

Folding table

DESIGN
Jorge Pensi Design Studio, 2018

EN — The Ypsilon table now comes in a new folding, stackable version. Ypsilon is truly versatile and can become a meeting table or a working station in today's latest generation of co-working spaces. At the cutting-edge in terms of quality, it conveys both attention to detail and a high-tech element.
IT — Presentato nella sua nuova versione ribaltabile e accatastabile il tavolo Ypsilon nasce come soluzione versatile per una sala riunioni, capace di trasformarsi in una postazione di lavoro, all'interno dei più recenti format di co-working. Un prodotto qualitativamente all'avanguardia, capace di esprimere cura per il dettaglio e spirito high-tech.

Ypsilon Connect

Multifunctional panel

DESIGN
Jorge Pensi Design Studio, 2020

EN — Ypsilon Connect is an elegant and functional self-supporting, sound absorbing partition panel characterised by sound absorbing panels that are shaped around a structure formed by two die-cast aluminium bases and extruded aluminium columns. One of the greatest strengths of this product lies in its extensive customisation possibilities thanks to which users can create ever new layouts, manage their spaces more effectively and create welcoming office spaces or functional training and meeting rooms.

IT — Ypsilon Connect è un elegante e funzionale pannello divisorio fonoassorbente autoportante che si caratterizza per la presenza di pannelli fonoassorbenti sostenuti da una struttura formata da due basi in pressofusione di alluminio e colonne in estruso di alluminio. Punto di forza di questo prodotto è il massimo grado di personalizzazione che offre, definendo abilmente nuovi layout, gestendo gli spazi e riadattando gli uffici a situazioni di formazione aziendale o meeting room.

Babila XL
Reloaded memory

DESIGN
Odo Fioravanti, 2020

EN — The Babila XL armchair with a polypropylene shell stands out for the large dimension of its seat and armrests. The aim is to offer greater seating comfort, also through the padded lining recalling a woman's dress. Babila XL "recycled grey" version in one of the first products made from recycled polypropylene: 50% from post-consumer plastic waste and 50% industrial plastic waste.
IT — Babila XL è una poltrona con la scocca stampata in polipropilene che si connota per le dimensioni ampie della seduta e del bracciolo. L'obiettivo è quello di offrire un comfort generoso di seduta, grazie anche al rivestimento imbottito, quasi a ricordare un abito femminile. La versione Babila XL "recycled grey" rappresenta uno dei primi prodotti realizzati in polipropilene riciclato: 50% da scarto di materiale plastico post consumo e 50% da scarto di materiale plastico industriale.

Buddy
Friendly spirit

DESIGN
Busetti Garuti Redaelli, 2017

EN — The Buddy collection made up of contemporary and versatile elements, is featured by a contrast between the bold volumes of the seat and a slender lightweight frame. A family of comfortable seating, poufs in different sizes with or without backrest and a sofa, that reflect their friendly spirit.
IT — La collezione Buddy, composta da elementi contemporanei e versatili nella loro semplicità, è caratterizzata da un contrasto tra i volumi pieni della seduta e la leggerezza dell'esile telaio. Una famiglia di sedute confortevoli, pouf in diverse dimensioni con o senza schienali e un divano, che si distinguono per il loro carattere amichevole.

Buddy Oasi

Friendly spirit

DESIGN
Busetti, Garuti, Redaelli, 2024

EN — Buddy Oasi is a system of soft seatings that further expands the Buddy collection. Generously sized ottomans and sofas that maintain the contrast between the bold volumes of the seat and the lightness of the aluminium legs. The distinguishing feature of Buddy Oasi is its movable backrest, featuring a soft, organic shape. Made of injected polyurethane foam, it can be easily and freely positioned on the seat to create multiple configurations. Buddy Oasi is designed to furnish both indoor and outdoor areas.

IT — Buddy Oasi e la soluzione d'arredo che amplia ulteriormente la collezione di imbottiti Buddy. Un sistema di pouf e divani dalle generose dimensioni, che mantengono il contrasto tra i volumi pieni della seduta e la leggerezza dell'esile telaio in alluminio tipico della famiglia Buddy. Il tratto distintivo di Buddy Oasi sono gli schienali mobili in schiumato poliuretanico dalla forma morbida e allungata che possono essere posizionati facilmente e liberamente sul pouf, permettendo di creare diverse configurazioni in base alle diverse esigenze. Buddy Oasi è pensato per arredare sia ambienti indoor che outdoor.

Buddyhub
Friendly spirit

DESIGN
Busetti Garuti Redaelli, 2020

EN — Buddyhub is characterized by a wrap-around, sound absorbing panel which envelops the seat in a sort of enclosed niche. Available as an armchair or sofa, it can be used as a temporary sound-proofed workstation. It is also possible to place two units opposite each other and to join them by means of a panel to which a table can be attached, thus creating an informal meeting space or break area. A large seat, in polyurethane foam supported by elastic belts, and a cosy backrest offer exceptional comfort.

IT — Buddyhub è caratterizzato da un pannello fonoassorbente perimetrale che abbraccia l'imbottito creando una sorta di rifugio dall'ambiente circostante. Disponibile nella versione poltrona o divanetto, si configura come postazione di lavoro temporanea. Ponendo i due elementi uno di fronte all'altro, uniti tra loro da un pannello a cui può essere fissato un tavolino, danno vita a spazi pensati per ospitare meeting informali e aree break-out. La dimensione generosa della seduta, realizzata in schiumato poliuretanico con cinghie elastiche, e l'accogliente schienale consentono un alto grado di comfort.

Buddyhub sideboard
Friendly spirit

DESIGN
Busetti Garuti Redaelli, 2024

EN — Buddyhub Sideboard is a versatile piece of furniture providing storage capacity while serving as space divider, both visually and acoustically. It features a sound-absorbing panel that embraces a sideboard featuring an HPL top and three solid laminate doors in the same finish. Thanks to its versatility, it adapts to various needs and environments, such as coffee corners or meeting rooms.
IT — Buddyhub Sideboard è un arredo trasversale che unisce la funzione di contenere a quella di separare gli ambienti, sia visivamente che acusticamente. È caratterizzato da un pannello fonoassorbente perimetrale che abbraccia un mobile contenitore caratterizzato da un ripiano in stratificato con tre ante in laminato. Grazie alla sua versatilità, si adatta a diverse esigenze e ambienti, come la zona dedicata alla pausa caffè o all'interno delle sale riunioni.

Nolita Sofa

Vintage chic

DESIGN
CMP Design, 2022

EN — Nolita Sofa is an outdoor sofa featuring simple and iconic shapes and a steel tube structure that provide visual rhythm and gentle proportions and ensure strength and durability. By recalling the origins of a historic course started by Mario Pedrali in 1963 with his first metal garden chairs, the Nolita Sofa keeps the collection's distinctive features of transparency and lightness, whose comfort is enhanced by soft cushions.
IT — Nolita Sofa è un divano outdoor caratterizzato da forme semplici e iconiche, dove la struttura in tubo d'acciaio dona ritmo visivo e proporzioni gentili, garantendo solidità e durevolezza. Rievocando le origini di un percorso storico iniziato da Mario Pedrali nel 1963 con le sue prime sedie da giardino in metallo, il divano Nolita conserva i tratti di trasparenza e leggerezza propri della collezione, il cui comfort viene esaltato dai morbidi cuscini.

Noa

Rational elegance

DESIGN
Marc Sadler, 2011

EN — Noa collection combines the elegance of its proportions to the comfort of the seat, all thanks to the innovative construction technique. The seat is upholstered and contained in a polycarbonate shell with a glossy outer surface.
IT — La collezione di sedute Noa unisce l’eleganza delle proporzioni al comfort della seduta grazie ad un’innovativa tecnica costruttiva. La seduta imbottita è contenuta in una scocca in policarbonato la cui superficie esterna è lucida.

Gliss

Sinuous shell

DESIGN
Claudio Dondoli - Marco Pocci, 2002

EN — Gliss has a cosy and ergonomic shape inspired by the iconic “Fifties” chairs, featuring a distinctive hole in the shell. The collection stands out for its comfort and functionality, given by the sinuous armrests that embrace the body and the ease of handling.
IT — Gliss è una poltrona dalla forma avvolgente ed ergonomica che si ispira alle sedute iconiche degli anni Cinquanta e si connota per l’elemento distintivo del foro sulla scocca. La collezione è confortevole e funzionale grazie alla forma sinuosa dei braccioli che cingono chi vi si siede in un abbraccio, oltre ad ottimizzarne la presa per la movimentazione.

Nym

The merry chair of Windsor

DESIGN
CMP Design, 2017

EN — Nym is a collection made of solid ash wood which reviews Windsor chairs with a contemporary style. Elliptic profiles feature all the lines enhancing the warmth of wood. The soft versions offer maximum comfort.

IT — Nym è una collezione in massello di frassino che rivisita in chiave contemporanea le sedute Windsor. Profili ellittici corrono lungo tutte le linee esaltando il calore del legno. Le versioni imbottite donano il massimo comfort e accoglienza.

Blume
Flower silhouette

DESIGN
Sebastian Herkner, 2020

EN — Blume draws inspiration from the concepts of elegance and sophistication. Featured by a soft and rounded shape, the collection owe its distinctive appearance to its sophisticated flower-shaped profile in anodised extruded aluminium. An extremely comfortable collection, in which the slender frame and the soft polyurethane foam are combined.

IT — Blume trae ispirazione da un'idea di eleganza e raffinatezza. Una collezione caratterizzata da forme morbide e arrotondate, la cui forza distintiva emerge dal sofisticato profilo in estruso di alluminio anodizzato con una silhouette a forma di fiore. Il telaio prezioso e sottile e la soffice imbottitura in schiumato poliuretanico si uniscono rendendo questa collezione assai confortevole.

Blume System

Flower silhouette

DESIGN
Sebastian Herkner, 2022

EN — The set of Blume System is a furnishings that echoes the sophisticated flower-shaped profile in extruded aluminium of the collection with the same name. Available in several sizes, the modules create a variety of configurations. The structure on which the shelves rest is made of steel and is fastened together by means of aluminium castings, with no visible screws.
IT — Blume System è un insieme di complementi d'arredo che riprende il sofisticato profilo in estruso di alluminio della collezione dalla caratteristica silhouette a forma di fiore. I moduli, disponibili in diverse dimensioni, possono dare vita ad una molteplicità di configurazioni. La struttura su cui appoggiano le mensole è realizzata in acciaio ed è fissata attraverso fusioni di alluminio senza viti a vista.

Jazz

Elegant symphonies

DESIGN
Pedrali R&D, 2017

EN — Harmony of shapes, elegance and ergonomics are the main features of the Jazz collection. The seat and the curved backrest are supported by a thin steel frame.
IT — L'armonia delle forme, l'ergonomia e l'eleganza sono le caratteristiche della collezione Jazz. La seduta e lo schienale curvato sono sostenuti da una leggera struttura in acciaio.

Vic

Crossover elegance

DESIGN
Patrick Norguet, 2016

**EN — Vic family has elegant yet minimal outline and draws inspiration from classic mid-century armchairs.
A comfortable and cozy collection featured by a curved backrest raised from the seat, which creates a lightness sensation for chair, armchair and barstool.**
IT — La famiglia Vic, elegante e raffinata nella sua semplicità, trae ispirazione dalle classiche poltroncine anni Cinquanta. Una collezione confortevole e accogliente in cui lo schienale a fascia curvata si solleva dal sedile creando un'apertura in grado di conferire a sedia, poltrona e sgabello una sensazione di leggerezza.

Ila
L’île du confort

DESIGN
Patrick Jouin, 2020

EN — The elegant and high-quality Ila armchair is a refined piece of furniture with a strong personality, expressing utmost comfort, softness and sensuality. The smooth exterior in rigid polyurethane almost cocoons the user in its large volumes, allowing a moment of relaxation and escape from everyday life. This sense of protection is augmented by the inner side of the backrest and seat in flexible polyurethane foam, which adapts to the human body and envelops it just like a soft embrace.

IT — Ila sintetizza i concetti di eleganza e qualità, identificandosi come un arredo prezioso dalla forte personalità capace di esprimere comfort assoluto, morbidezza e sensualità. La parte esterna di Ila è realizzata in poliuretano rigido, liscio e teso, quasi a creare una protezione nei confronti di chi ha scelto di ritagliarsi un momento di relax e di evasione, all’interno dei suoi grandi volumi. Il senso di protezione viene inoltre suggerito dalla parte interna di schienale e sedile, a contatto con il corpo umano, in schiumato poliuretanico flessibile, quasi a cingerlo in un abbraccio.

Matrix

Lightweight spirit

DESIGN
Claudio Dondoli - Marco Pocci, 2006

EN — Matrix is a collection of tables, desks and consoles with simple and basic lines, light structures but of great solidity. A panel, which is upholstered in fabric, serves as space divider and completes the desk.
IT — Matrix è una collezione di tavoli, scrivanie e consolle dalle linee semplici ed essenziali, strutture lievi all'apparenza ma di grande solidità.
La scrivania può essere completata con schermi divisori rivestiti in tessuto per la definizione e la separazione dello spazio.

Inga
Sinuous elegance

DESIGN
Pedrali R&D, 2014

EN — Inga name pays tribute to the Northern European female elegance. The plywood shell in oak veneered has sinuous shapes. The Soft version outlines gentle and essential lines thanks to the padded shell and armrests.
IT — Inga deve il suo nome all'eleganza femminile nord-Europea. La scocca, realizzata in multistrato da tranciato di rovere, ha una forma morbida e sinuosa. La versione Soft presenta scocca e braccioli imbottiti, sottolineandone ulteriormente le linee dolci ed essenziali.

Malmö
Nordic essence

DESIGN
CMP Design, 2012

EN — Malmö chairs are designed to fit in convivial spaces and they evoke warmth sensations thanks to the touch of ash wood, the tapered look and the appeal of tradition. Malmö collection consists of a plywood shell in ash wood that appears suspended, nearly floating, on a solid wood frame. The design elements appear in their purity, thicker in the joints and tapered in a natural way to offer lightness and elegance.
IT — Le sedute Malmö, pensate per essere usate in luoghi di convivialità, esprimono un tepore domestico grazie al piacere tattile del frassino, l'espressività delle forme tornite, l'affinità con un immaginario tradizionale. La collezione Malmö è costituita da una scocca in multistrato di frassino che appare sospesa, quasi fluttuante, su un telaio in legno massello. Gli elementi strutturali appaiono nella loro pura costruzione, aumentando di spessore presso le connessioni ed affusolandosi in modo naturale a favorire leggerezza ed eleganza.

Folk

Now traditional chair

DESIGN
CMP Design, 2019

EN — Folk collection accentuates the quest for simplicity. Its friendly character, the warmth of ash wood, the soft and compact dimensions, human lines seamlessly convey the concept of a chair that speaks a universal language. The power of proportions is clearly evident in the time-tested forms, re-elaborated with the new possibilities offered by technology. The use of the cane seat guarantees visual lightness and maximum durability.

IT — La collezione Folk è il risultato di una ricerca della semplicità. Il carattere amichevole, il tepore del frassino, le dimensioni compatte, le linee morbide e umane sembrano trasmettere l'idea di sedia in un linguaggio universale. La forza della proporzione si esprime in modo chiaro nelle forme consolidate dalla tradizione rielaborate con nuove possibilità tecnologiche. L'utilizzo della paglia di Vienna garantisce leggerezza ottica e massima resistenza.

Osaka
Ideogram chair

DESIGN
CMP Design, 2015

EN — **Osaka is a collection of seatings with a strong graphic impact whose construction elements remind the linear features of an ideogram. Besides the ash wood version, those with metal frame emphasize their functionality conferring a high degree of lightness.**
IT — Osaka è una collezione di sedute dal forte impatto grafico i cui elementi di costruzione appaiono nella loro purezza e semplicità formale, come i tratti lineari di un ideogramma. Accanto alle versioni in frassino quelle con telaio in metallo esaltano l'approccio funzionalista, donando un effetto visivo di estrema leggerezza.

Zippo
A cosy atmosphere

DESIGN
Pedrali R&D, 2014

**EN — The Zippo collection is composed by one or two seats sofa, conceived for lounge and informal meetings areas.
A niche of privacy protected by high sides that ensure a good soundproof capacity.**
IT — La collezione Zippo è composta da confortevoli divanetti a uno o a due posti, pensati per gli ambienti lounge e per le aree meeting. Una nicchia di privacy protetta da alti fianchi e schienale che garantiscono un'ottima capacità fonoassorbente.

Plural

Take your time

DESIGN
Jorge Pensi Design Studio, 2014

EN — The multiple seaters Plural are conceived for work activity, for waiting and leisure. A combination of materials, such as polypropylene for the seater and the aluminium die-cast aluminium frame. Plural represents an ideal solution for waiting areas in different environments.Plural Soft is even more comfortable and cosy while maintaining a minimalist design. The die-cast aluminium armrests, integrated with the injected polyurethane foam seats, define spaces while conveying a visual rhythm. Plural Soft end on both sides with functional tabletops. Ports for charging devices are integrated under the tabletop.

IT — Le sedute multiple Plural sono progettate per attività di lavoro, di attesa e di svago. Combinando materiali, quali il polipropilene della seduta e la pressofusione di alluminio del telaio, Plural rappresenta una soluzione ideale per connotare ambienti d'attesa di diversa natura. La versione soft è ancora più confortevole e accogliente mantenendo un design minimalista e leggero. I braccioli in pressofusione di alluminio si modulano con le sedute in schiumato poliuretanico, delimitandone gli spazi e definendo un ritmo ordinato terminando alle due estremità con funzionali piani d'appoggio. Nel ripiano laterale sono integrate prese per la ricarica dei device.

Volt

Injection of dynamism

DESIGN
Claudio Dondoli - Marco Pocci, 2013

EN — The thin sections, along with ergonomic shape and lovely proportions make Volt a collection of polypropylene chairs that stands out for attention to details. Volt is elegant, cozy, equally lightweight and handy, featured by thin edges and chamfered profiles. All the models in the collection are also available with padded seat version.
IT — Il tratto sottile, la forma ergonomica e le gradevoli proporzioni rendono Volt una collezione di sedute in polipropilene che si distingue per la cura dei dettagli. Leggera e facile da maneggiare, caratterizzata da spessori esili e profili smussati, Volt è elegante e accogliente. Tutti i modelli della collezione sono disponibili anche con sedile imbottito.

Nemea

Athletic agility

DESIGN
CMP Design, 2015

EN — Nemea collection design recalls a classic gracefulness molded by time and history. The chair, with its slender legs in solid ash wood inserted into die-cast aluminum frame, it truly appears jumping forward as an athletic step full of energy and grace.

IT — Nemea è una collezione di sedute la cui forma richiama una leggiadria classica plasmata dal tempo e dalla storia. La sedia, con le sinuose gambe in massello di frassino innestate al telaio in pressofusione di alluminio, appare infatti protesa in uno scatto atletico ricco di energia e grazia.

Ray
Natural gesture

DESIGN
Pio e Tito Toso, 2018

EN — Ray is a freestanding coat stand that masterfully combines flowing lines, accentuating the beauty of the ash wood, with the functionality of an indispensable everyday object for a variety of interior spaces.
IT — Ray è un appendiabiti da terra, capace di sintetizzare in maniera ottimale una forma fluida, in grado dimettere in risalto la bellezza del frassino, e la funzionalità propria di un oggetto di uso quotidiano indispensabile all'interno di contesti diversi.

Flag
Hang up your ideas

DESIGN
Pio e Tito Toso, 2014

EN — Flag is a collection of coat stands and wall coat hangers that are the result of the synthesis between form and function. The base and column are made of powder-coated steel, while the hooks are made of polypropylene charged with fiberglass. Flag can adapt to various contexts: public spaces, offices as well as domestic environments.
IT — Flag è una collezione di appendiabiti frutto della sintesi di forma e funzione. La base e la colonna sono in acciaio verniciato, mentre i ganci sono realizzati in polipropilene caricato fibra di vetro. Flag si adatta a molteplici contesti: dagli spazi pubblici, agli uffici, agli ambienti domestici.

Snooze
Sound wellness

DESIGN
Marcello Ziliani, 2016

EN — Snooze is a sound absorbing panel conceived to enhance comfort and improve the acoustic quality in office or public space. With a shape recalling the sound diffusers, it is composed by a core of thermoformed polyester fiber in variable densities and thicknesses with a central metal element that beside being a graphic sign allows an easy assembly and disassembly. It is possible the set-up of panels on the walls and on ceilings in groups or linear compositions.
IT — Snooze è un pannello fonoassorbente creato per rendere più accogliente e migliorare la qualità acustica di uffici e spazi pubblici. Con una forma che ricorda i diffusori acustici, è costituito da un'anima in fibra di poliestere termoformato di densità e spessore variabili con al centro un elemento metallico che, oltre ad essere un segno grafico, ne permette una facile installazione e disassemblaggio. Si può disporre su pareti e su soffitti con composizioni lineari o a gruppi.

Giravolta

The wireless outdoor lighting

DESIGN
Alberto Basaglia - Natalia Rota Nodari, 2017

EN — **Inspired by Lanterns of times past, it is a wireless lighting distinguished by a contemporary design and suitable for outdoor environments. The name reflects its essence: the swivelling diffuser and the rechargeable feature recalls the great inventor Alessandro Volta and his main discovery, the battery.**
IT — Ispirata alle lanterne di un tempo, Giravolta è una lampada wireless ricaricabile dal design contemporaneo, adatta per l'outdoor. Nel nome tutta la sua essenza: da un lato il suo diffusore orientabile, dall'altro il suo essere ricaricabile da cui il riferimento ad Alessandro Volta e alla sua principale invenzione, la pila.
